Rear Admiral J. J. Ekelund National Intelligence Officer for Conventional Forces Room 7E47 Central Intelligence Agency Washington, D.C. 20505 Dear Joe: I appreciated the opportunity to talk with you briefly on the telephone yesterday. As I mentioned then, I plan to leave my present position with in the near future and I am exploring the possibility of re-entering government service. I have had considerable experience in both performing and managing evaluation studies of weapon systems, force structure, and military manpower requirements. During my recent tour in the Pentagon, I also had responsibility for various policy-level staff functions. I hope to find a position in which I can make constructive use of this experience. I have enclosed a resume, and would welcome the opportunity to talk with you further about any potential positions that may exist. I can be reached during the day at Best regards,				ST
